Touchpanel for GIRA Control 19 wallbox

Excelsior - Gira Kit - Multitouch PC 21,5 inch/ i5 Plus/ 240GB SSD/ 16GB RAM/ Win10/ frame black

The all new HomeCockpit GIRA KIT powers up old GIRA wallboxes sized 9" and 19". As usual, HomeCockpit touchpanels convince through elegant design, high quality materials and most powerful arithmetic units. Available in three different levels of performance (Major, Excelsior and Excelsior PLUS), everyone will find a perfect fit. The operating system allows the use of all kinds of different smart-home software which are available for Windows. Take advantage of our highly appreciated additional hardware blocks such as the voice-performance-block for state of the art noise reduction, in order to optimize your' HomeCockpit touchpanel for individual purposes. Possibly, the integration of a 5 megapixel camera or a motion detector might make HomeCockpit GIRA KIT touchpanel the perfect solution for your' needs.
